

The first edition of the **Labirinto d'Acque 2018** International Conference will be held at the Labyrinth of Franco Maria Ricci on the occasion of the UN-Water WWD celebrations (

**21**

st

- **24**

th

**of March**

)

Labirinto d'Acque 2018 is a networking conference on the efficient conservation, protection, development, planning, management and use of water.

Updates on [www.labirintodacque.it](http://www.labirintodacque.it) , [www.unipr.it](http://www.unipr.it) , [presentation](#)

All those who work for water innovation are invited to showcase latest research and practice and management solutions.

The Conference is a no-profit event that includes:

- high-level symposium on the state and future prospects of water resources;
  
- oral session on innovation and water efficiency;

- whole-day exhibit run by participants.

Full circular due on **January 26, 2018**
